EDUCATION

Methodist University

December 2024

B.S Computer Information Technology, Cyber Security Information Assurance

Technical skills

Re-indexing, maintenance plans	Python/Java	Jira/Zendesk
Desk Side Customer Service Troubleshooting	Data analytics/SQL	DMZ, WAN/LAN
LMS administration/ADA	Zapier, HubSpot	LLMS/ CLI

WORK EXPERIENCE

University of Richmond

Jan 2025 - Present

Technical Trainer/ Computational Chemistry Machine Learning

Richmond, VA

- Increased computational efficiency by **60% accuracy** by training a LLM random forest model to predict the dipole moment.
- Spear headed a low-cost alternative to DFT methods, **reducing computational costs by 80%** for geometry optimization in molecules.
- Modernized a geometry optimizer molecular mechanics program Fortran 77 to Python, abstracting subroutines into OOP classes to enhance modularity, testability, and reusability for future computational chemistry research and machine learning model training.

Stealth AI Startup

May 2024 - Present

Project Manager/Technical Trainer

Richmond, VA

- Led the end-to-end project lifecycle for a stealth AI-driven health technology platform, from requirements gathering and roadmap planning to delivery of working prototypes.
- Oversaw integration planning with third-party APIs, healthcare data systems, and **cloud infrastructure**, ensuring security, scalability, and compliance (**HIPAA/FTC**).
- Built internal documentation and reporting systems to track **KPIs**, risks, and **deliverables**, improving transparency across stakeholders.
- Applied **Agile and Scrum** practices, driving sprint planning, standups, and backlog management that improved delivery efficiency by 30%.

Methodist University

Jan 2024 – Nov 2024

Cyber Security/Computer Science Teaching Assistant

Fayetteville, NC

- Assisted teaching across 3 courses for 40 students per semester, covering concepts including **SQLi, XSS, Wireshark, SIEM tools, CLI scripting, network analysis, event viewer, and WSL (windows subsystem for Linux) Ubuntu setup**.
- Led student tryhackme scores and hacker rank scores to a **55% increase** after tutoring sessions.
- Conducted weekly tutoring sessions both in person and online, contributing to a **45% improvement** in quizzes and exam scores.
- Mentored students in introductory topics such as **linear regression** and **random forest** to apply AI in cybersecurity.

The Exploration School

Jun 2022 - Aug 2024

Lead Audio Visual Coordinator/Information Technology Coordinator

Bronxville, NY

- Delivered **Tier 2/3 technical support** using task manager and CLI scripts, **reducing network troubleshooting time by 40 minutes** per issue to 22 minutes on average after creating SOPs (45% improvement).
- Configured and secured connectivity for **iPads, Printers, 100+ mobile phones, laptops, and VOIP handsets**
- Managed touch panels, Audio distributions, projectors, lighting, and control systems** operations for day-to-day events.
- Performed automated OS imaging and provisioning for staff and student devices using tools like **PXE boost** and **MDT**, leading to **65% reduction** in manual setup time.
- Served as the only system admin for **120 staff members and 400 students**, managing IT inventory with 25% fewer audit errors.

WefixitCelltronics

May 2017 - Jun 2020

Tech Sales Account Executive

Cayman Islands

- Operated the **full sales cycle** from prospecting to close, consistently exceeding targets by achieving **over the quota attainment year-over-year** through outbound
- Developed and maintained **long-term client relationships**, achieving a **90% renewal rate** ensuring smooth onboarding, timely delivery, and proactive account management.
- Built and managed a book of business that grew by **35% annually**, closing multiple SaaS deals
- Delivered persuasive **product demos and technical presentations**, translating API/SDK capabilities into business outcomes.
- Refined internal sales processes and CRM workflows, reducing onboarding cycle time by 25% and accelerating pipeline velocity for the sales team.
